To Whom It May Concern:

It is my pleasure to write this recommendation of Haley Sisson of Mile High Property Inspections. We have utilized his impressive services twice now in the search of a perfect home for our family in Prescott, AZ. Haley is extremely thorough and his reports detail every aspect of a home's condition.

The first time we used his services, Haley allowed us to be with him during the home inspection process – which is very irregular. We were looking at purchasing a fixer-upper property and wanted to know every single detail regarding the home so we knew what work would have to be done after purchase. Through a series of events unrelated to the inspection, which was extraordinarily detailed, we ended up not purchasing the home.

The second time we used his services, we left Haley alone to be able to do his work much more quickly – however, due to some issues with the current homeowner, the inspection process had to be completed over the course of a couple of days. Haley completed the work amidst a variety of obstacles and did so with the precise, detailed, work that we've come to expect and highly appreciate.

I truly do appreciate the fact that Haley is ALWAYS willing to allow us to ask questions and provides clear & detailed answers. He is very straightforward about potential issues and risks and takes the time to explain the potential outcomes of fixing an issue vs. not fixing an issue.

Beyond the professionalism that Haley displays, he's also a wonderful person with a great sense of humor!

Sincerely,

Christianne Dinsmore
